

Shea Butter Lotion

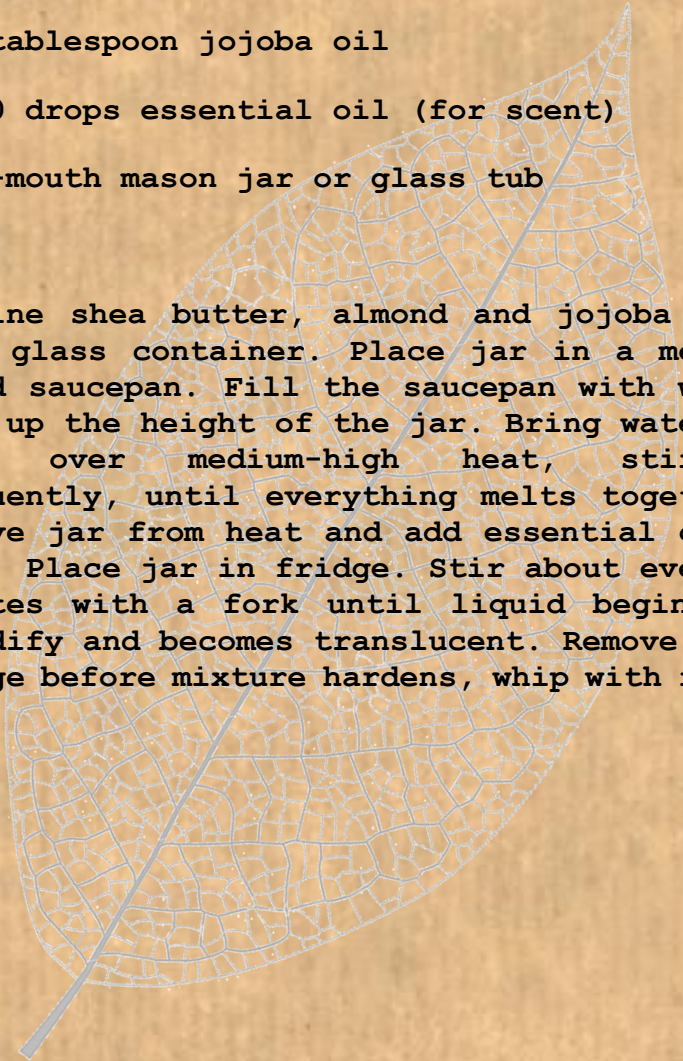

3/4 cup pure shea butter

1 ½ tablespoon almond oil

1 ½ tablespoon jojoba oil

10-20 drops essential oil (for scent)

Wide-mouth mason jar or glass tub

Combine shea butter, almond and jojoba oils into glass container. Place jar in a medium sized saucepan. Fill the saucepan with water to $\frac{3}{4}$ up the height of the jar. Bring water to boil over medium-high heat, stirring frequently, until everything melts together. Remove jar from heat and add essential oils, stir. Place jar in fridge. Stir about every 5 minutes with a fork until liquid begins to solidify and becomes translucent. Remove from fridge before mixture hardens, whip with fork.

Tips:

Use any combination of essential oils for scent.
