

# All Purpose Kitchen Spray

1 teaspoon baking soda

½ teaspoon natural dish soap

2 tablespoons vinegar

Water

10 drops essential oil (for scent) -  
orange, lemon

16 oz. glass spray bottle

Combine baking soda, dish soap and vinegar into spray bottle. Let settle and fill to top with water. Add essential oils (10 drops total, split based on preferred scent).

Shake before each use.

Tips:

You can customize a combination of essential oils to achieve your desired scent.

Use a microfiber cloth or old dish towels to wipe your surfaces, laundering as necessary
